Data Centers

Sydney 1

Melbourne 1
Sydney 1 Data Center

Our Sydney 1 Data Center is only a 20-minute drive from Sydney Airport, and a 5-minute walk from the nearest train station.

Features and benefits

Carrier neutral
Sydney 1 is a carrier-neutral data center, offering our clients a flexible choice of network providers.

Proximity to the NTT network point of presence (POP)
The POP of NTT’s global network service is located in the data center. The data center has direct connection to our premium network backbone and services.

Easy access
Sydney 1 is located adjacent to Sydney’s CBD for convenient access from your office.
